Inflation statement

Fees for students who start on a course in 2025/26 and who continue on the same course for more than one year will usually increase annually, subject to government fee caps. In deciding the annual level of increase the University and colleges will take into account a range of factors, including rises in the costs of delivering the course, and changes in government funding. The increase each year will not exceed whichever is higher from 6% or the Consumer Price Index (CPI). Fees for Home Undergraduates are set at the maximum level permitted by government.
